Work Experience

Pathways Service-Learning Tutoring Program
Service-Learning Tutor | January 2020 - April 2023

- Provided personalised guidance and support to students in AP Computer Science and other STEM-related courses, helping them to deepen their understanding of complex concepts and achieve academic success
- Took initiative to reach out to the technology academy (AOIT) at my school site about Pathways tutoring, in order to greatly increase the support for STEM at the high school level.
